

Senior Quality Assurance Engineer

E-S-QAE-2024-11002

What is this job post about?

We are looking for an experienced and motivated Senior Quality Assurance Engineer with a good knowledge of AI and cloud computing to join our Engineering team in London. You will play a crucial role in creating AI reliability frameworks and ensuring the quality and reliability of our service and products.

Who are we?

Nimbous is a London based data and AI consultancy. At Nimbous, we tackle the toughest business challenges using cutting-edge AI, advanced technologies, and world-class infrastructure.

We believe in thinking differently, driving results through creativity, and delivering powerful solutions that make a real difference. Located in the heart of London, we offer an exciting environment where innovation thrives, and your growth is our priority. Ready to shape the future? Explore opportunities with us and be part of something extraordinary.

What are some of the tasks involved in this role?

Here are some of challenges awaits you:

- Create scenarios which simulates real-world conditions to identify limitations and biases of AI models
- Utilise CI/CD pipelines for scheduling builds and running automation scripts

- Create load tests which simulates real-world conditions in order to detect system limitations
- Develop and execute QA test cases, scripts and procedures for automated software and model maintenance
- Create reports for quality assurance results and develop framework to flag and take action for system failure
- Develop a test framework for testing generative AI models

What are the role requirements?

We think you this role requires these skills below:

- Excellent quality assurance engineering skills
- Ability to manage CI/CD pipelines
- Good understanding of Machine Learning, AI and Generative AI models
- Experience with GCP, AWS, Python, Selenium and Javascript, Agile, SQL
- English and Turkish

What are the next steps if you are interested in?

Please fill in the application form below and send it to careers@nimbous.co along with your CV.
